7. Background. FAA Order 7610.12 subparagraph 9d states “ATO must conduct periodic audits to identify ICAO 3LDs/telephonies that are assigned to U.S. aircraft operators and registered with ICAO, but are no longer in use. Lack of use for two years or more may result in the assignment or authorization of an ICAO 3LD/telephony to be revised, reassigned, rescinded, or cancelled.” U.S. operators listed in this notice have exceeded the time limit for non-use and thus will be cancelled.

8. Distribution. This notice is available online and will be distributed electronically to all offices that subscribe to receive email notification/access to it through the FAA website (https://www.faa.gov/air_traffic/publications/).
